"Unknown Vocabulary Density and Reading Comprehension" - NFLRC

Reading comprehension is the ability to process text, understand its meaning, and to integrate with what the reader already knows. Fundamental skills required in efficient reading comprehension are knowing meaning of words, ability to understand meaning of a word from discourse context, ability to follow organization of passage and to identify ...

Reading comprehension - Wikipedia

The high frequency word lists contain the words found in children's reading books in order of the frequency in which they occur. If students were to learn just the words contained on the very first list (words 1 to 100), they will have learned half of all the words they will come across in children's reading materials!
