

regulatory peptides in digestive pdf

Peptide therapeutics have played a notable role in medical practice since the advent of insulin therapy in the 1920s. Over 60 peptide drugs are approved in the United States and other major markets, and peptides continue to enter clinical development at a steady pace.

Therapeutic peptides: Historical perspectives, current

In the modern world, a number of therapeutic proteins such as vaccines, antigens, and hormones are being developed utilizing different sophisticated biotechnological techniques like recombinant DNA technology and protein purification.

A review on the strategies for oral delivery of proteins

E-Cronicon is dedicated towards the promotion of open access publication of research that reduces the frontier to assess the dossier needed and carry out the research work in any field.

A hormone (from the Greek participle *hormō*, "to set in motion, urge on") is any member of a class of signaling molecules produced by glands in multicellular organisms that are transported by the circulatory system to target distant organs to regulate physiology and behavior.

Hormone - Wikipedia

Amnesic shellfish poisoning (ASP), also known as domoic acid poisoning (DAP) because amnesia is not always present, was first recognised in 1987 in Prince Edward Island, Canada.

Marine biotoxins - Food and Agriculture Organization

The inflammasome is a multiprotein oligomer responsible for the activation of inflammatory responses. The inflammasome promotes the maturation and secretion of pro-inflammatory cytokines Interleukin 1 β (IL-1 β) and Interleukin 18 (IL-18). The secretion of these cytokines results in pyroptosis, a form of programmed pro-inflammatory cell death ...

Inflammasome - Wikipedia

ABSTRACT. Biopreservation systems in foods are of increasing interest for industry and consumers. Bacteriocinogenic lactic acid bacteria and/or their isolated bacteriocins are considered safe additives (GRAS), useful to control the frequent development of pathogens and spoiling microorganisms in foods and feed.

Bacteriocins from lactic acid bacteria: purification

A description of how the human immune system works, and what goes wrong in allergy, autoimmune disease and immunodeficiency.

Lecture Notes in Immunology: Function of the Human Immune
